**Soap Sense**

Very few mothers would think of using impure laundry soap to wash babies' dresses. How much more important it is to employ a pure, non-irritating soap for baby's delicate and tender skin.

**Curative

Is the ideal scap for baby's bath as its soothing effect upon the skin prevents blotches, pimples, or unsightly and torturing eczemas. A trial will convince. It leaves the skin clean, soft and velvety.

**WHITNEY & MARSH, LTD****"Straight Fronts"**

The last and most perfect achievement of the "SON-NETTE" Corset makers is the

**Straight Front  
Corset Militant**

It is so simple in design and construction that it needs but a word of description. The secret of it all 'os in substituting for gores, transverse seams in graceful curves, which adapt themselves to ALL FIGURES, thus securing the most comfortable and perfect fit. It is made in three or four pieces, which being cut on correct geometrical principles, with transverse seams running around the body, instead of up and down, evade all strain; thus avoiding the objections urged against every other corset. The fit is perfect, for it is automatic, or self-adjusting, yielding so easily to every movement that the wearer is unconscious of any feeling of constraint; an important feature in this climate.

It, as the name implies, produces the fashionable effect upon the figure. The wearer at once, and of necessity, assumes the "MILITARY POSITION." The bust is allowed to fall, all pressure is removed from the diaphragm and applied to the abdomen, and the new position is far more graceful and conducive to health than the old one.

These Corsets may be seen in our store in several qualities. We shall be glad to show them, and no one need feel obliged to buy them because we have had the privilege of showing them.
